Reachy Mini Meetings

Join a meeting through a robot

Dominic Ill · Kevin Stöckli · Simon Thut

Demo: on the real robot

1. Reachy scans the room
2. Reachy follows the head
3. Speech appears

What we did and what we solved

Now running in Unity

- Live video in the headset
- Reachy follows your head
- Video stays fixed in the room
- Two-way audio
- Speech bubbles
- Panorama of the room

34 → 72 fps

Frame rate

141 ms

Video delay

5× less

Video shake

±3°

Head play

Six weeks to the live demo

Nov 2

Midterm

Nov 3–15
